SUBCONTRACT AGREEMENT

2307-2

THIS AGREEMENT, made and entered into by and between:
Central Bridge Company, LLC

with principal office located at:
1256 Old Frankfort Pike
Lexington, KY 40544

hereinafter called Subcontractor, and
The Allen Company, Inc.

a Delaware Corporation with principal office located at:
P.O. Box 537, Winchester, KY 40392-0537

hereinafter called Contractor.

The Contract date is 05-25-03 and the
project description is as follows:

I-64 Reconstruction, Clark Co. IM-NH 64-5 (63) 89

- I. WITNESSETH: That Subcontractor and Contractor, in consideration of the items, covenants and conditions herein contained, hereby agree as follows: Furnish all materials, labor, equipment and other items necessary to perform the following:

ITEM	DESCRIPTION	QTY	UNIT	UNIT PRICE	TOTAL
As shown in attachment "A"					\$1,027,751.62

- II. Subcontract Price: Subcontractor shall be paid by Contractor, for the satisfactory performance and completion of Subcontractor's work described herein and all of the duties, obligations and responsibilities of the prices set forth in Paragraph I of this Subcontract (hereinafter called the "Subcontract Price"), subject to additions and deductions as provided herein. It is specifically understood and agreed by Subcontractor that the quantities of items set forth in Paragraph I are estimated quantities only and that the earnings of Subcontractor under this Agreement shall be determined by the quantities of work that are actually allowed and paid to Contractor by Owner.

The Subcontract Price includes all federal, state, county, municipal and other taxes and assessments imposed by law and based upon labor, services, materials, equipment or other items acquired, performed, furnished or used for or in connection with the Subcontractor's work, including but not limited to sales, use and personal property taxes payable by or levied against the Owner, General Contractor or the Subcontractor. Where the law requires any such taxes or assessments to be stated or charged separately, the total price of all items included in the Subcontractor's work, plus the amount of such taxes shall not exceed the Subcontract Price.

III. Subcontract Documents:

The Subcontract Documents consist of:

1. This Agreement;
2. The Prime Contract, consisting of the Agreement between the Owner and Contractor and the other Contract Documents enumerated therein, including but not limited to the Conditions of the Contract (General, Special, Supplementary and Other Conditions), Drawings, Plans, Specifications, Addenda and Modifications, whether issued before or after the execution of this Agreement and other Contract Documents, if any, listed in the Owner-Contractor Agreement;
3. Any other documents specifically incorporated into this Subcontract by reference herein; and
4. Modifications to this Subcontract issued after the execution hereof, all of which are hereby referred to and made a part of this Subcontract as though copied at length herein (and all of which documents are hereinafter collectively referred to as the "Subcontract Documents").

This Subcontract shall be performed in strict accordance with the Subcontract Documents and to the satisfaction of Contractor and Owner. The Subcontractor represents and agrees that it has carefully examined and understands the Subcontract Documents, copies of which have been and remain available for inspection and copying by Subcontractor, that it has investigated the nature, locality and site of the Project

and the conditions and difficulties under which it is to be performed, and that it enters into this Agreement on the basis of its own examination, investigation and evaluation of all such matters and not in reliance upon any opinions or representations of Contractor, Owner or any of their respective officers, agents, servants or employees.

IV. Payment:

- A. Progress Payments and Retainage: Subcontractor shall be paid by Contractor at the rate of the unit price listed in Paragraph I for all work performed and materials and supplies furnished, less retainage of 0% within seven (7) working days after the Contractor receives payment from the Owner, payment to Subcontractor being expressly conditioned upon Contractor's prior receipt of payment from Owner. It is specifically understood and agreed by Subcontractor that no payment by Contractor to Subcontractor shall be construed as acceptance of any portion of Subcontractor's work, a waiver of any defect or deficiency in Subcontractor's performance, or relieve Subcontractor of any of its obligations arising out of this Agreement. Should Contractor at any time determine that payment has been made to Subcontractor, or on Subcontractor's behalf, in excess of the amount then due for work under this Agreement, then Subcontractor shall promptly repay such excess to Contractor within three (3) days of demand for repayment.
- B. Final Payment: Final payment shall be made by Contractor to Subcontractor within thirty (30) days after completion and acceptance of the Subcontractor's work by the Contractor and the Owner, provided that (1) Contractor shall have first received final payment from the Owner; (2) Subcontractor shall have furnished, if requested, evidence satisfactory to Contractor that there are no claims, obligations or liens outstanding or unsatisfied for labor, services, materials, equipment, taxes or other items performed, furnished or incurred for or in connection with the Subcontractor's work; and (3) Subcontractor shall have executed and delivered to Contractor, in a form satisfactory to Contractor, a Release of Lien and an Affidavit of Payment running to and in favor of Contractor and the Owner.
- C. Payments Withheld: Subcontractor shall meet all of its obligations and liabilities pertaining to this Subcontract on a timely basis and shall furnish at any time requested, evidence satisfactory to Contractor that there are no claims outstanding or unsatisfied for labor, services, materials, equipment, taxes or other items performed, furnished or incurred for or in connection with the Subcontractor's work. In the event that Subcontractor does not comply with the above, Contractor may retain from monies owed to Subcontractor sufficient sums to indemnify Contractor and Owner against claims or obligations related to this Subcontract. Contractor may disburse monies owing to the Subcontractor as Contractor may determine necessary, including by joint check arrangements or payments directly to persons or entities claiming by or through Subcontractor, to satisfy the above claims against or obligations of Subcontractor. Should Contractor advance money to Subcontractor or pay on his behalf any bills, accounts, labor or other items, such advances, disbursements and payments may be deducted from amounts due or to become due to Subcontractor or the retained percentage, at the option of the Contractor. Should such advances and payments be in excess of the total amount finally due Subcontractor, then Subcontractor shall promptly repay such excess to Contractor on demand.

- V. Date of Commencement and Completion: Time is of the essence in the Prime Contract and is hereby declared to be of essence in the Subcontract. Subcontractor shall prosecute the Subcontract work with all possible diligence and all possible speed in order to insure completion of the work at the earliest possible date and shall fully cooperate with Contractor in scheduling and performing the Subcontract Work to avoid conflict, delay in or interference with the work of the Contractor or others upon the Project.

Subcontractor shall begin its work within five (5) days of notice to proceed by Contractor. In the event that Subcontractor does not perform its work promptly and the completion of the Project is thereby delayed, then Subcontractor shall assume and pay any damages, including but not limited to any liquidated damages provided by the Prime Contract, that may be incurred by or assessed against the Contractor.

The work of this Subcontract shall be completed not later than as directed by Contractor, and subject to the adjustment of this Subcontract Time as provided in the Subcontract Documents.

No extension of time will be valid without the Contractor's prior written consent after written claim for adjustment made by the Subcontractor.

Contractor shall not be liable to Subcontractor for any costs or damages due to delays, escalation, accelerations, non-performance, interferences with performance, suspensions or changes in the performance or sequence of the Subcontractor's work. Should this Agreement, in whole or in part, be interfered with or delayed, or be suspended in commencement, prosecution or completion, for reasons beyond the Subcontractor's control, without its fault or negligence, Subcontractor shall be entitled to, and shall be fully compensated by, an extension of time in which to complete its work; but, only if Subcontractor shall have first notified Contractor in writing of the cause of delay within two (2) days of the occurrence of the event, and on further condition that Contractor shall have received a similar extension of time from the Owner.

- VI. Interruption of Work: Subcontractor shall not employ any men or means of construction which may cause strikes, work stoppages, work interruption or hindrance or any other disturbances, of any nature whatsoever, by Contractor's employees or the employees of any other contractor or subcontractor on the Project, with respect to any work related to this Subcontract Agreement and the Project.
- VII. Subcontractor Default: Should the Subcontractor fail, in the opinion of the Contractor, to prosecute the work with sufficient force and speed, or default or neglect to carry out the work in accordance with this Subcontract, or cause by any act or omission, the stoppage or delay of or interference with or damage to the work of Contractor or of any other contractors or subcontractors on the Project, including

but not limited to any violation of the provisions of Paragraph VI above, or fail in the performance of the terms and provisions of this Agreement or the Subcontract Documents, or should the Owner or Contractor determine that the Subcontractor's work or any portion thereof is not being performed in accordance with the Subcontract Documents, or should there be filed by or against Subcontractor, a Petition in Bankruptcy, or should the Subcontractor become insolvent or be adjudicated bankrupt, or go into liquidation or dissolution, either voluntarily or involuntarily, or make a general assignment for the benefit of creditors, or otherwise acknowledge insolvency, then in any of such events, each of which shall constitute a default hereunder by Subcontractor, and Subcontractor fails within three (3) working days after receipt of written notice from the Contractor to commence and continue correction of such default or neglect with diligence and promptness, the Contractor may at its option, and in addition to any other rights and remedies provided by this Agreement or by law, elect to proceed in any one or more of the following manners:

1. Contractor may employ and use on said work, or any portion thereof, such number of workmen, laborers, supervisors, teams, tools, machinery, equipment and/or other subcontractors, at such wages, prices and rentals as Contractor may deem necessary and expedient to insure prompt completion of the work and Project, and it shall charge all of same to Subcontractor;
2. Contractor may re-let the work, either in whole or in part, to such other persons or entities as it may desire, at such prices as it may deem proper, and shall charge the costs thereof to Subcontractor;
3. Contractor may declare the rights of the Subcontractor under this Agreement to be terminated and, in such event, Subcontractor shall only be paid for the actual work done by it to the date of termination, less the amount of any damages, claims, obligations or liabilities incurred by Contractor or Owner by virtue of Subcontractor's actions;
4. Contractor may terminate the employment of Subcontractor for all or any portion of the Subcontractor's work, enter upon the premises and take possession of, for the purpose of completing the Subcontractor's work, all materials, equipment, tools, appliances and other items thereon, all of which the Subcontractor hereby transfers, assigns and sets over to Contractor for such purpose, and to employ any person or persons to complete the Subcontractor's work and provide all of the labor, services, materials, equipment and other items required therefor. In any such event, Subcontractor shall remain bound, and all other terms of this Agreement shall remain in force, to the extent of the work or areas which have not been so terminated. In case of such termination of Subcontractor, it shall not be entitled to receive any further payments under this Agreement until the Subcontractor's work shall be fully completed to the satisfaction of Contractor and the Owner and shall have been accepted by them, at which time, if the unpaid balance of the amount to be paid under this Subcontract shall exceed the costs and expenses incurred by Contractor in completing the Subcontractor's work, such excess shall be paid to the Subcontractor; but in the event that such costs and expenses shall exceed the unpaid balance of the Subcontract Price, then Subcontractor shall pay the difference to Contractor upon demand.

For purposes of this Paragraph VII, the costs and expenses recoverable by Contractor from Subcontractor for Subcontractor default shall include, in addition to the costs of completing the Subcontractor's work to the satisfaction of Contractor and the Owner and of performing and furnishing all labor, services, materials, equipment and other items required therefor, but also all losses, damages, claims, obligations, liabilities, costs and expenses, including attorneys' fees, incurred or suffered by Contractor by reason of or resulting from the Subcontractor's default.

VIII. Changes: Subcontractor may, at any time during the progress of Subcontractor's work, be ordered in writing by Contractor, without invalidating this Subcontract, to make changes in the work of this Subcontract consisting of additions, deletions, deviations or other revisions, including those required by modifications to the Prime Contract issued subsequent to the execution of this Agreement, the Subcontract Price and the Subcontract Time being adjusted accordingly. Subcontractor shall, prior to the commencement of such changed or revised work, submit promptly to Contractor written copies of a claim for adjustment to the Subcontract Price and Subcontract Time for such revised work in a manner and time consistent with the requirements of the Subcontract Documents. No change orders or modifications of this Subcontract, whether for extras or otherwise, shall be valid unless authorized by the Contractor in writing after receipt of Subcontractor's claim for adjustment. Failure of the Subcontractor to make such a timely claim for adjustment shall bind the Subcontractor to the same consequences as those to which the Contractor is bound to the Owner.

In the event that Contractor and Subcontractor should not be able to agree as to the amount to be allowed as an adjustment to the Subcontract Price and Subcontract Time for any changes made pursuant to this Paragraph VIII, it shall, nevertheless, be the duty of the Subcontractor to proceed immediately with such change(s) upon written notice from Contractor. In any such event, the determination of the appropriate adjustment to the Subcontract Price and Subcontract Time for such revised work shall be resolved thereafter by mutual agreement or in accordance with Paragraph XIII, pertaining to dispute resolution.

IX. Insurance: Subcontractor binds itself to procure and maintain at Subcontractor's expense, Workers' Compensation Insurance, and Comprehensive General Liability Insurance, Property Damage Insurance and Automobile Liability Insurance, with a financially sound insurance company with an A.M. best rating of A-: VII or better or companies acceptable to Contractor on all activities and work performed under this Agreement and to provide Contractor with Certificate of Insurance establishing compliance with the aforementioned insurance requirements. All insurance policies, and Certificates of Insurance required by this paragraph shall contain a provision that coverages afforded under the applicable policies cannot be canceled or allowed to expire without a minimum of ten (10) days prior written notice to Contractor. The Allen Company, Inc. shall be named as additional insured on each of these policies except for Workers' Compensation. The minimum limits of insurance coverage required by this paragraph shall be as provided by Prime Contract, or in the absence of any such provision therein, in the following minimum limits of coverage:

In any and all claims against the Owner or the Architect or General Contractor, or any of their agents or employees, by any employee of this Subcontractor, anyone directly or indirectly employed by him or anyone for whose acts he may be liable, this indemnification obligation shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by for this Subcontractor under Workers' Compensation Acts, disability benefit acts or other employee benefit acts.

XIII. Dispute Resolution: Any claim, controversy or dispute between the Contractor and Subcontractor arising out of or related to this Subcontract, or a breach thereof, and which claim, controversy or dispute is not resolved by mutual agreement between the parties, shall unless otherwise required by the Prime Contract or applicable law, be submitted to a judicial court of competent jurisdiction within Clark County, Kentucky. The Subcontractor further covenants and agrees that no dispute shall interfere with the progress of the Subcontractor's

The Subcontractor shall secure and pay for all permits, fees, licenses and inspections necessary for proper execution and completion of the Subcontractor's work as required by the Subcontract Documents.

The Subcontractor shall abide by all laws, rules, regulations and orders of any state and federal authorities applicable to the Environmental Protection Act and/or water and air pollution requirements.

Subcontractor agrees to bear the expense of conducting the safety program for his own personnel. Should the Subcontractor and/or should his operations be characterized by frequent injuries to workmen, the Contractor may elect within ten (10) days written notice, cancel this contract, whence Subcontractor will immediately remove his men, materials and equipment from the Project.

- XV. Subcontractor agrees to take affirmative action to insure that qualified applicants are employed, and that employees are treated during employment without regard to race, creed, color, sex, age, religion, national origin, physical or mental handicap or status as a disabled veteran or veteran of the Vietnam era. To the extent applicable, Subcontractor shall comply with all provisions of Executive Order No. 11246, dated September 24, 1976; the Vietnam Era Veterans Readjustment Assistance Act of 1974, the Rehabilitation Act of 1973, and all amendments thereto, and all rules, regulations, orders, instructions, designations and other directives promulgated pursuant thereto, the terms of all of which are incorporated herein by reference.
